EDUCATION

The University of Kansas, Department of Economics, 2017-present

Ph.D. Candidate in Economics

Thesis Title: *“Essays on Gun and Marijuana”*

Expected Completion Date: June 2022

University of Minnesota Duluth, Labovitz School of Business and Economics

Bachelor of Arts, Magna Cum Laude, December 2016

Major: Economics

Minor: Mathematics

Dean’s List for Academic Excellence, 4 out of 4 semesters

Shanxi University

Bachelor of the Arts, December 2016

Major: Economics

FIELDS OF SPECIALIZATION

Law and Economics

Economics of Education

Health Economics

Applied Microeconomics

RESEARCH PAPERS

“Do Stand-Your-Ground Laws increase or decrease Traffic Fatalities?” (Job Market Paper)

Abstract: Historically, one has a duty to retreat before applying lethal force in self-defense. From 1994 to 2021, 31 states implemented stand-your-ground (SYG) laws to remove the retreat requirement in one’s vehicle or any place one is legally present. The laws could potentially increase gun prevalence on the road, decrease the expected cost of applying deadly force behind the wheel, or raise the expected cost of aggressive driving and road rage. This paper is the first to evaluate the impact of SYG laws on traffic fatalities. Using state-level traffic fatality data and an event study approach, I find that the implementation of SYG laws is associated with a 3% increase in total traffic fatalities. The legalization raises the aggressive driving fatalities by 12% in the first year of implementation. In addition, the laws are associated with increases in both gun ownership and road rage crime. The evidence in this paper suggests broader impacts of SYG laws on public health than initially considered.

WORKING PAPERS

“Campus Concealed Carry Laws and Higher Education Outcomes”, Working Paper

“Medical Marijuana Laws and Abortion Rate”, Working Paper

“Medical Marijuana Laws and Youth Crime”, Work in Progress

AWARDS AND HONORS

Doctoral Research Fellows, Institute for Policy & Social Research, University of Kansas, 2021-22
University of Kansas Graduate Studies Summer Research Scholarship (30 recipients university-wide each summer), \$6000, 2021
Department of Economics Charles W. Oswald Award, \$3000, 2021
Passed with Distinction - PhD Oral Comprehensive Exam, 2021
Department of Economics Summer Fellowship, University of Kansas, \$2000, 2018

RESEARCH EXPERIENCE

- Research Assistant**, Center for Philosophy of Science and Technology of Shanxi University, 2014
- Surveyed and interviewed people in eight villages and two towns in Liulin County, Shanxi, PRC about their idea towards the economic development in the heavily polluted county Liulin.

CONFERENCES

Presenter, nominated by KU Department of Economics, Southern Economic Association Conference Graduate Student Invited Sessions, Houston, TX, November 2021
Presenter and Discussant, Midwest Economics Association Conference, virtual, October 2021
Presenter and Discussant, Missouri Valley Economic Association Conference, virtual, March 2021

TEACHING EXPERIENCE

Course Instructor

Principles of Macroeconomics, in-person, Spring 2021

Course Description: An analytical introduction to macroeconomics. Topics include determination of aggregate income, employment, inflation, exchange rates, and the role of fiscal and monetary policy in dealing with unemployment, inflation, and economic growth.

Responsibilities: Taught an enhanced introductory course in macroeconomics with ten students which met in-person four times a week. Presented the course material three times a week, led discussion sessions solving in-class problem sets once a week, held regular and extended office hours and exam review sessions.

Teaching Assistant

Introduction to Econometrics, hybrid class, Fall 2021

Responsibilities: Led 75-minutes in-person problem-set-solving courses for 18 students biweekly. Designed and recorded biweekly 45-minutes STATA practice videos for students. I was responsible for explaining course materials with emphasis on teaching additional material related to STATA, holding regular office hours, reviewing, proctoring and grading exams.

Introduction to Macroeconomics, Fall 2019 - Fall 2020

Responsibilities: Head Graduate Teaching Assistant. Coordinated with professor and other GTAs, designed and taught review sessions for big lecture with over 100 students twice per semester, and led problem-set-solving courses for class with 25 students three times a week. I was also responsible for holding regular office hours, proctoring and grading tests.

Introduction to Macroeconomics, Fall 2018 - Spring 2019

Introduction to Microeconomics, Fall 2017 - Spring 2018

Responsibilities: Led three-hour ECON Labs each week. I offered one-on-one instructions, tutoring, and opportunity to work in small groups. I was also responsible for grading assignments and tests.

PROFESSIONAL ORGANIZATION

American Economic Association (AEA)

Southern Economic Association (SEA)

Midwest Economics Association (MEA)

Missouri Valley Economic Association (MVEA)

COMPUTER SKILLS

STATA, R, Eviews, SPSS and Latex

LANGUAGE SKILLS

English (Fluent), Mandarin (Native).

CITIZENSHIP

China
